

12VDC PORTABLE SOLAR CHARGING KITS

Ideal for charging and maintaining flooded lead acid 12V batteries. Works with automobile, tractor, RV, boat batteries and more!

SLP045F-12SUSB (Rigid Panel Design)

The 45W model is suited for 1 battery systems where energy demand is light. Can also be used for vehicles in storage to maintain batteries.

Kit Consists:

- 1 x SLP045-12U 45W/12V Solar Panel
- 1 x SLSC-02 Elite Battery Clamp Set
- SLC-NR1012UL PWM Controller with USB Outlet
- 1 x Cloth Carry Case
- 15' Cable
- Panel Size: 27" x 22" x 1.5"

Carton: 30" x 5" x 24"
Weight: 17 lbs

This item can be shipped UPS

SLP080F-12USB (Folding Panel Design)

The 80W model is suited for 1-2 battery systems where energy demand is light. Can also be used for vehicles in storage to maintain batteries.

Kit Consists:

- 2 x SLP040-12U 40W/12V Solar Panels
- 1 x SLSC-02 Elite Battery Clamp Set
- SLC-NR1012UL PWM Controller with USB Outlet
- Waterproof Weather-Pack Connectors
- 1 x Hard Shell Carry Case
- 16' Cable w/inline Fuse
- Panel Folded: 26.7" x 18.5" x 3.1"
- Panel Open: 26.7" x 36.9" x 1.6"

Carton: 31.9" x 7.9" x 22"
Weight: 30.9 lbs

This item can be shipped UPS

SLP0120F-12USB (Folding Panel Design)

The 120W model is suited for 1-2 battery systems where energy demand is moderate. Can also be used for vehicles in storage to maintain batteries.

Kit Consists:

- 2 x SLP060-12U 60W/12V Solar Panels
- 1 x SLSC-02 Elite Battery Clamp Set
- SLC-NR1012UL PWM Controller with USB Outlet
- 1 x Hard Shell Carry Case
- 16' Cable w/inline Fuse
- Panel Folded: 26.7" x 26.7" x 3.1"
- Panel Open: 26.7" x 53.4" x 1.6"

Carton: 31.9" x 7.9" x 30.7"
Weight: 37.5 lbs

This item can be shipped UPS
